TOTALS													

INSTRUCTIONS: For each customer purchasing complete one line on the form entering customers name, address and phone. Enter the number of products desired under each product column A-G. Sub-total the number of items from columns A-G in column H. Multiply those number of items x \$16.00 and write the subtotal amount of sale in column J. Add total of Hams at \$25 each from column K with column J and place amount due in column L. Collect the total amount due listed in column L from the customer at the time of sale. Make checks payable to the organization.
